

AW25 — COLLECTION

Ready To Order

Effortless *Style.* *Elite* Performance.

Step into **Active AW 2025**—a bold, curated edit designed to set your brand apart. Inspired by proven best-sellers and trends leading into 2026 and beyond. Add your custom-branded logo, heat-pressed inside each piece, and style it with classic accessories to make the collection uniquely yours.

Once you've selected your styles, choose from premium recycled fabrics, including **Power-Fit®** (Korea), **REPREVE®** (USA), and **Carvico®/ECONYL®** (Italy), offering superior compression, flexibility, and durability for high-performance wear.

Requesting Samples

Ready Designs

You may or may not make samples. If you are requesting our ready-to-order designs, as they have all been pre-patterned and graded to international body sizes, many brands opt to skip sampling and move directly to bulk, saving both time and money in the process.

The choice is always yours, to make or not to make.

You may also request changes to any design. For example, you can adjust the width of the waistband or the length of the legging.

All we require is a front and back screenshot, clear line drawing, or tech pack, along with notes of each edit.

Cost: \$30 per pattern edit.

Ready designs can be purchased directly from [our shop](#) or by adding their codes to a [sample request form](#). Your selected styles will be produced exactly as shown in our catalogue, in your chosen colours and prints.

Custom Designs

When opting to produce custom activewear samples, you need to get them [priced first](#). With prices in hand, add our codes to this [form](#), informing us which fabric, colours, or prints you want, via [email](#) or [WhatsApp](#).

Pricing & Profit Tips

- Get pricing sorted early on. With prices in hand, you'll be ready to place your order whenever you're ready, as well as be able to estimate landed costs, helping you calculate retail prices and profit margins.
- Aim for at least a 3.5X markup on wholesale prices. For example, a legging @ \$20 often retails for \$99, with sports tops or shorts @ \$15 each, retailing in the region of \$75 USD each.

MOQs

Ready-*to*-Order Designs

180 pieces per PO, 30 per style, 3 pieces per size & colour.

Example Order: 2 styles of leggings 30 shorts, and 3 types of tops.

Custom Designs *or* Mix & Match Orders

240 pieces per PO, 30 per style, 5 pieces per size & colour.

Example Order: 3 leggings, 3 sports tops, 1 pair of training shorts, & 1 additional style.

Selecting Fabrics & Colours

All our Activewear fabrics are blended with Spandex, offering varying degrees of compression and flexibility to suit a range of different activities.

- **Comfort Luxe:** With a cotton-like feel, moisture-wicking, and body-sculpting properties, select this fabric for activities requiring more flexibility, such as Pilates, CrossFit, Padel, lighter workouts, and athleisurewear. Comparable to Lululemon fabrics.
- **Eco-Olympus:** Blended with Creora® Power-Fit Spandex from Korea, highly sought after by brands selling to gym addicts demanding strong compression and firm body support.

You can choose from over 85 trending colours we keep in stock for immediate use, helping you avoid delays from overseas imports. If the colour you need isn't in stock, we import them by air weekly. Custom colours arrive in 70m rolls, producing around 45 leggings and sports top sets, must be used entirely in your bulk PO, and generally take around four weeks to arrive.

See the Stock [**Fabrics and Colours**](#).

Note

Stock colours have no MOQ, allowing you to add more colour options to your collection.

Adding *Digital* Prints

We use advanced Italian MS digital and sublimation print machines on American and Korean fabrics to create prints with unmatched colour saturation and softness. Every meter of fabric comes alive with vibrant, long-lasting colours that surpass anything printed locally in Bali.

Learn how easy it is to [**add prints**](#) to your collection.

Fabric *Swatch* Packs

A cost-effective way to know the most suitable fabric for the market you are aiming for. Includes real fabric samples, matching laser-copy colour cards, and a curated selection of accessories.

Placing Orders

Option 1: *Ready-to-Order Designs*

- Browse the collection below taking note of the codes for the styles you want to work with.
- Choose your fabric, colour, or request a digital print.
- Fill out the **order form** with quantity per size.

Tip: All styles have been pre patterned ready for production.

Option 2: *Custom Designs*

- Send your own custom creations as front and back screenshots or clear line drawings or tech packs.
- Add notes on any changes required, such as waistband width or editing a leggings length
- Label each design with a code. e.g. Lovina Leggings 001

Option 3: *Mix & Match*

Just send your custom designs along with the codes of the ready styles you'd like to combine them with. We'll guide you on how to bring them together into one seamless collection.

Need Help Formulating Your Order?

Some brand owners struggle to match designs and colours with our MOQs. Its normal, so just reach out.

Schedule a Callback Today

Speak to a specialist in our activewear division. Schedule a **call-back** and find out if we are a good mix.

Your activewear will arrive custom branded with your unique logo, (included in our price). Also, we never add surcharges.

Accessorizing & Branding

Activewear accessories have their limits, but adding elasticated Jacquard with your logo—like Nike’s “Just Do It” slogan and tick symbol under the bust or around the waist—will elevate any brand, making it easy for customers to recognize. Branding supports business growth, strengthens brand identity, and builds customer loyalty.

Specialty branding is handled overseas to ensure superior craftsmanship compared to local Bali suppliers. Our suppliers work with leading brands such as Lululemon, Stronger the Label, Carbon38, and P.E Nation.

For bulk orders, we apply your custom logo as a heat press on the inside back of each piece. Since this step is essential before production, we recommend organizing it during the sampling phase to avoid delays.

Artwork

Artwork should be provided in Vector format in high resolution and to scale, such as EPS, PDF, CDR, or SVG. Please upload your artwork, layouts, prints, etc. via our [Tick Box Form](#) or, if you prefer, [email](#) or [WhatsApp](#). Once we receive it, we will get in touch with you.
