WHY CHOOSE US

Expertise You Can Trust

With over 30 years of experience, we know what it takes to launch and grow an activewear brand. Whether you're starting from scratch or expanding your current line, our streamlined process ensures a smooth transition from design concepts to sampling and production.

Premium Fabrics, At Competitive Prices

As the exclusive company in Bali with a tax-free fabric import license, we possess a unique advantage that allows us to import premium fabrics swiftly and without the burden of the 35% tax that our competitors face. This strategic benefit enables us to deliver exceptional quality products at competitive prices, achieving markups of at least 350%.

Ethically Made in Bali

We take pride in our self-manufacturing approach, ensuring ethical practices, fair wages, & sustainable processes. Our production also supports Bali's Street Mums, a local charity dedicated to helping mothers & their children transition from life on the streets into safe houses away from predator's.

Precision Fit & Digital Accuracy

Every great activewear piece starts with a perfect fit. We use 2D AutoCAD digital pattern-making to guarantee precision, allowing for quick style adjustments, minimal waste, and consistent quality. Each design is carefully crafted to sculpt, support, with body enhancing properties.

Transparent Pricing & Scalable Discounts

We prioritize transparent, upfront pricing with no hidden fees. The price you receive covers all fabrics, trims, & construction costs, no unexpected surcharges. Established brands may receive more discounts on larger orders. Discover more about our scalable pricing, production timelines & MOQs.

WHAT WE DO

Custom Designed Activewear

The first step is pricing your custom designs. Whether you provide a screenshot, tech pack, or clear line drawings. Our expert sampling specialists will transform your vision into digitally crafted patterns, ensuring your designs are developed as accurately as possible.

Once the pricing is approved, we offer a free 2D mock-up of your collection upon request. This allows you to review and request any final refinements before we begin cutting fabrics for your samples.

Example Handover

Ready To Order Activewear

For brands looking to launch quickly, we offer a range of pre-developed, market-ready activewear styles using the latest runway-inspired designs.

- ✓ Mix and match styles to create a signature collection
- ✓ Fast-track production with minimal lead time

You can purchase designs directly from [our store](#) or [catalogue](#) and add the codes to our [sample request form](#).

Once submitted, an activewear specialist will reach out to guide you through the next steps.

EXAMPLE PRICES

Our prices cover the entire finished product, using imported high-performance Korean and American fabrics.

No hidden charges. Full pricing transparency.

Note: Most brand owners mark up 500% or more on our prices to Retail.

Halter Neck Top

Training Short
\$16.90 - \$17.50

Crop Top Jacket
\$23.40 - \$24.90

Leggings
\$23.40 - \$24.99

Rompers
\$23.40 - \$24.99

COSTING YOUR COLLECTION

Ways to Handover

1

Custom Designs

To receive accurate pricing for custom activewear, please provide imagery of your designs. This can be photos, screenshots, tech packs, or clean line drawings, ideally with notes highlighting any adjustments you'd like to see.

Your handover can be sent in Word or PDF format via [email](#) or [WhatsApp](#). If anything is unclear, our team will confirm the details with you before finalising your quotation.

2

Ready-to-Order Designs

Our ready-to-order offers a handpicked selection of proven fits and trending activewear styles designed for Spring 2026. Every piece has been pre-graded to international body sizes and can be sampled through our [online shop](#) or selected from our [A/W 2025-26 collections](#).

To order, simply note your style codes, choose your fabrics and colours, and submit your selection through [this form](#)—or, if easier, by [email](#) or [WhatsApp](#).

Pricing will be shared within 2–3 working days. Should you need it, our graphics team can provide support with artwork and layout, usually at no additional cost.

Branding

Whether custom or ready-to-order, is finished with your logo as a heat press inside the garment, ensuring the collection is unmistakably yours.

FREQUENTLY ASKED

Q: What's my first step?

A: Start by pricing your designs. Submit screenshots of the styles you want to replicate or redesign, with notes on any changes [here](#).

Q: Why are your prices lower than any other Bali Active producer?

A: We are the only company to hold a full exemption on import taxes when bringing in fabrics, saving 35% on costs that all others must pay.

Q: What's your MOQ?

A: The minimum order quantity is 240 pieces per purchase order, with a minimum of 30 per style, 5 pieces per size & colour.

Q: What methods of payment do you accept?

A: We accept PayPal and Bank Transfer.

Q: How do I place a sample order request?

A: You can fill in this [interactive form](#) or send your sample requests via [email](#) or [WhatsApp](#)

Q: Do you offer higher-grade recycled fabrics from overseas suppliers?

A: We hold the largest trending colour stocks from REPREEVE® in the US & Creora® Power-Fit from Korea. See the fabrics [here](#).

Q: Is your production sustainable?

A: Yes, we use 100% recycled and sustainably produced fabrics, reducing your brand's carbon footprint by up to 80%. All packaging is biodegradable.

Q: How do you send my samples to me?

A: We use DHL Express taking three to five working days from uplift

Q: Can I call you or organize a call back any time?

A: Our customer liaison team are always taking calls as well as the sample specialists. Book a Call Back [here](#).
