ACTIVE/YOGAWEAR TICK BOX FORM

Please complete this form by selecting the blue box under the article you're requesting. You may select as many as you like to compare.

Once received, we will send you a complete mock-up in the correct size & colour you requested for your approval.

Branding Your Collection

Note

For any custom branding request, we require your artwork, logo & layout emailed over in Vector format (EPS, PDF, CDR, JPEG) in high resolution. Hand-drawn imagery is not accepted.

A major element finishing up any Active/Yoga-wear collection must be in the quality of the accessories & custom branding added.

The accessories displayed below are imported from vendors we have worked with for many years, all of whom supply major international brands.

Accessories & branding are only ordered once you have approved the samples we made with the exemption of your logo, which we use to add to the inside of each article as a heat press.

Allow three weeks to import any custom branded accessories.

Top Tip

If you're having issues, email our communication team, & one of our graphics team will lay them out in a professional manner, in most cases free of charge.

Some Examples

Heat Press

All Active/Yogawear is now branded via a Heat-Press instead of fabric labels.

Samples – no minimum order

Production – 300 pieces.

As we require your Heat Press prior to cutting any order & can take several weeks to produce & land, make this a priority.

If you're requesting colours other than displayed, we require the [Pantone](https://tinyurl.com/3amksvf5) ref. For example, seeking Dark Blue, we found this. <https://tinyurl.com/3amksvf5>

Additional Heat-press Logos

Larger heat press logos are most commonly requested for the outside of Activewear, examples below;
Prices on application, depending on artwork & size, starting from 50 Cent /pc

Elasticated Jacquard

This replaces normal elastic around the waist & under the bust and occasionally as straps.

MOQ 300 meters per artwork in two colours.

Price \$1.50 per meter.

We require a detailed drawing showing all sizes as below.

Notes

- Standard distance between Logo 2-2.5cm
- Standard width 4cm

Avani Bags – No MOQ

Every article is packed individually into a biodegradable bag made using 100% cassava root. Cassava, being edible, means once discarded in a landfill or your garden & will decay to organic matter in a day or two.

Custom branding MOQ 10,000 pcs + \$150 metal cylinder fee

10 cents per bag

They come as seen below.

Biodegradable Zip-Lock EVA bag - MOQ - 1,000 pcs

Available custom branded one side one colour produced using EcoPure®, an organic additive causing the plastic to biodegrade through a series of chemical and biological processes in any landfill over a year.

Available in frosted or clear.

We offer two sizes.

One side one colour print 20 X 17 cm USD 1.30

One side one colour print 19 X 26 cm USD 1.50

Natural Fabric Drawstring Bags – MOQ 300

They come custom branded one side one colour.

Most natural fabrics bags are made from woven cotton as drawstring bags.

One side one colour print 22 X 26 cm USD 1.50

One side one colour print 25 X 35 cm USD 1.80

Custom sizes, prices on request.
