

ACTIVEWEAR BALI

2023 AUTUMN WINTER

YOUR OWN SUSTAINABLE ACTIVEWEAR BRAND IN 6 WEEKS.

The Autumn Winter 2023 collection was shot at Aling-Aling Waterfall Bali in late January 2023.

This collection brings together some of our best-selling designs, as well as our knowledge of what's trending well into late 2023. Any design can be produced in any fabric, colour or print, allowing you to create your own unique look with countless possibilities.

To make our designs uniquely yours, we require your brand logo in an EPS, PDF, CDR, or JPEG format, 300 dpi, repeatable, and scalable.

If this is an issue, don't worry. Our team of graphics designs are here to assist. Whatever you have, send it over.

The minimum order quantity is 300 per order, 30 pieces per style, in as many colours and prints as you desire, with three pieces per style, colour and print.

Download [our latest guide](#) for complete information on minimum order quantities, timelines, fabrics, colours, prints, and custom branding

A woman with long dark hair is sitting on a black metal chair with a white cushion. She is wearing a two-piece athletic set with a bold floral pattern in red, purple, and green on a white background. She is also wearing white socks and white sneakers. The background is a plain white wall with a white curtain on the right side.

After selecting your designs, add them as their code to a [samples request form](#) or [bulk order form](#) and send [back to us](#).

Alternatively, you may prefer to work via email in Excel or a similar format, which is perfectly acceptable, especially if you're sending imagery of your own custom designs and any edits you would like to make.

See an example of [a typical handover](#).

As soon as your order is received, we will review it to ensure it meets our minimum order requirements, and get back to you with suggestions if necessary

Get in touch
